Attn: Jim Poole
1111 Primrose Avenue
Camp Hill, PA 17011-6922

Dear Jim,

I am writing to you today to thank you for the excellent service that you have been providing for the Bureau of Blindness and Visual Services Snack bars and subsequent operators located within federal and state facilities.

This project was created to simplify and expedite service and maintenance of the existing equipment to the food service stands for the betterment of appearance and function. The Bureau of Blindness and Visual Services is very pleased with ongoing results of the preparation and cataloging of the equipment and the professionalism portrayed by you and your staff.

It is also noteworthy to explain the existing equipment has not always been kept in acceptable condition therefore unnecessary replacement of equipment has taken place in the past. With Secco's individual maintenance plan all locations will not only be code compliant but will be aesthetically pleasing. As well, repairs will become more cost effective for the program as an overall benefit.

Thank you, again, for a job well done and I look forward to our continued relationship in the future!

Sincerely,

Joie Kiger
